

**PROFESSIONAL EPS
MACHINES MANUFACTURER**

Automatic EPS Shape Moulding Machine, Automatic Thermocol Block Moulding Machine, Automatic Thermocol Shape Moulding Machine, Automatic Thermocol Shape Moulding Machinery, Automatic Thermocol Sheet Cutting Machine, EPS Block Moulds, EPS Mould, EPS Mould (LCD Packing), EPS Moulds, EPS Shape Molding Machine, EPS Thermocol Molds, EPS mould for LCD Packaging, Ejector, Eps Block Molding Machine, Semi Automatic Thermocol Sheet Cutting Machine, etc.

EPS BLOCK MOLDING MACHINE

THERMOCOL BLOCK MACHINE

**THERMOCOL BLOCK MOULDING
MACHINE**

About Us

Our organization established in the year 1987, we, Laxmi Engg. & Thermo Pack (Formerly known as Laxmi Engineering Works), are one of the leading manufacturers, suppliers and exporters of high quality EPS (Expandable Polystyrene) Machinery and Complete setup of Thermocol Product, Thermocol Machinery, Thermocol Making Machines, EPS Packaging Box Making Machine, EPS Block/Sheet Making Machine, EPS Recycling Machine, EPS Filling Gun, EPS Melting Machine, etc. We are a technology driven company and do intensive research on innovative techniques for improving the capacity and strength of our state-of-the-art products. Not only do we have modern machines but also a young and dynamic workforce who put in their best skills at all the levels of production. Our experienced Staff involve every time in R&D to get highly quality products. Our attitude of total commitment towards quality has given us a reputed place not only in the domestic arena but in the international arena as well. Affordable prices, unmatched quality and punctual delivery are the factors which have earned us the trust and support of many clients.

We are an ISO 9001:2000 certified company committed to catering the clients' exact quality demands; and with a passion for manufacturing in line with international quality parameters. Laxmi Engg. & Thermo Pack applies the best engineering techniques and skills to make its products completely free from all kinds of mechanical and technical errors. Our in-house quality examination cell takes all appropriate actions to weed out all sorts of short comings in our state-of-the-art machinery. Hence, we excel in supplying world class goods for complete delight of our customers.

Our robust infrastructure is an outcome of the visionary approach of our entrepreneurs. It is due to their dedicated efforts that the company has taken giant strides in this highly competitive business framework. Our manufacturing unit is outfitted with sophisticated machines, EPS Melting Machine and equipments to carry out smooth manufacturing work. We use high grade mild steel, brass, aluminum branded machinery parts and stainless steel to make robust and powerful range of thermocol making machinery. Skilled & semi-skilled workers, engineers, managers, administrative officers, sales team, quality inspectors, amongst others work in tandem to pave way for Company's prosperity. We have our own logistics department, which ensures safe and timely transfer of consignments to respective destinations.

Key Facts

Year of Establishment	1990
OEM Service Provided	No

Our Products

Semi Automatic Thermocol Shape

Automatic EPS Shape Moulding Machine

Thermocol Continuous Pre Expander

Thermocol Continuous Pre Former

Automatic Thermocol Sheet Cutting Machine

Thermocol Pelletizer Machine

Thermocol Recycling Machine

Thermocol Batch Pre Expander

Thermocol Batch Pre Former

Thermocol Shape Moulding Machine

Automatic Thermocol Shape Moulding

EPS Shape Molding Machine

Thermocol Block Moulding Machinery

Automatic Thermocol Block Moulding

Thermocol Foam Recycling Machine

Automatic Thermocol Shape Moulding
